Plans for Reopening in fall

JoDee wanted to give the members time to discuss plans that they have for reopening and how things may look at their school.

- Are you involved in the decisions/conversations with your districts plans to reopen?
- How are you addressing student recruitment and outreach?
- How or will you be able to offer various learning options for students?(Blended, completed)
- How will you assess and place students into classes?
- What budget challenges do you anticipate for 20/21?
- How will you follow the guidance from CDE on staff & students wearing face coverings, 6” distancing, temperature taking, and reactions to symptoms on campus?

All members shared that they were waiting on their districts to send out there school opening and safety plan. Many members are still preparing for the new school year

Leadership Retreat

Location- Virtual Options V Face-to-Face
Purpose- Leadership Professional Development
Focus- Amazing Distance Learning Program Development –Annual Plan
Duration- Reasonable time commitment, Spread out
Time-Availability

JoDee let members know that we can do something local since travel for most members is not an option. JoDee let members know that we did have space available at the Parent Center. Not everyone wants to participate. About 5-7 are interested. Time is quite limited. Many members at the moment are consumed with logistics to restart school. This is a very overwhelming time. At this time the leadership team do not want a leadership retreat.
